

# World Conference on Long Span Arch Bridges

## Construction Technology

### Agenda

Time	Content	Host	
All day on December 8 <sup>th</sup> .	Participants arrived	/	
In the morning of December 9 <sup>th</sup> .	08:30-09:10	Opening ceremony	
	09:10-09:20	Group photos	/
	09:20-10:00	The development and prospect of arch bridges. Reporter: Academician Jielian Zheng	Mr. Jian Xu, Mr. Xigang Zhang
	10:00-10:30	The bridge aesthetics. Reporter: Academician Wenzhong Deng	
	10:30-10:50	A short break	/
	10:50-11:20	Arch Bridges Durable, sustainable, economically and aesthetic structures Reporter: Dr. Martin Romberg	Prof. Yaojun Ge, Prof. Baochun Chen
	11:20-11:50	Concrete Arch Bridges – Construction Methods, Service Performance, Maintenance and Repair Reporter: Prof. Zlatko Savor	
In the afternoon of December 9 <sup>th</sup> .	14:00-14:30	Report of composite structure. Reporter: Academician Jianguo Nie	Dr. Gongyi Xu, Prof. Rucheng Xiao
	14:30-15:00	Report on concrete Reporter: Academician Changwen Miu	
	15:00-15:15	A short break	/
	15:15-15:40	Present situation and prospect of international arch bridge construction. Reporter: Prof. Baochun Chen	Prof. Zhishen Wu, Prof. Xiuli Du

	15:40-16:05	Health inspection report of arch bridge. Reporter: Prof. Hui Li	
	16:05-16:20	A short break	/
	16:20-16:45	The analysis theory of concrete filled steel tube structure based on the whole life cycle. Reporter: Prof. Linhai Han	Dr. Shuangjie Wang, Prof. Guoxiong Mei
	16:45-17:10	Concrete arch bridge technology for China's high-speed railway. Reporter: Prof. Kejian Chen	
	17:10-17:35	Large segment lifting technology of steel arch bridge. Reporter: Technical director of China Railway Guangzhou Bureau	Prof. Chuan He, Prof. Jian Gong
	17:35-18:00	Key technical report on long-span arch bridge design. Reporter: Prof. Tingmin Mou	
	18:30-	Dinner	/
In the morning of December 10 <sup>th</sup> .	08:30-08:55	Key technical report on the construction of 3 <sup>rd</sup> Pingnan Bridge. Reporter: Prof. Qin Dayan	Mr. Shengqiao Xu, Prof. Jianting Zhou
	08:55-09:20	Processing and manufacturing technology of steel structure of long-span arch bridge. Reporter: Technical director of Wuchuan heavy industry	
	09:20-09:35	A short break	/
	09:35-10:15	Visit on the 3 <sup>rd</sup> Pingnan Bridge construction site.	/
	10:15-11:50	Panel discussion on long-span arch bridges Closing ceremony.	Mr. Maorun Feng
	12:00-	Lunch	/
In the afternoon of December 10 <sup>th</sup>		Leave from the conference.	/

- The experts will be invited on Panel discussion of long-span arch bridges:

**Chair:** Former Chief Engineer of Ministry of Transport of China: Mr. Maorun Feng.

**Panelists:** Former Minister Zhendong Huang, Former Minister Shenglin Li, Vice Minister Zhenglin Feng, President Mengyong Wong, Former Chief Engineer Haitao Zhou, Academician Jielian Zheng, Academician Huawu He, Academician Jianguo Nie, Prof. Yaojun Ge, Dr. Martin Romberg, Prof. Zlatko Savor
